PUBLIC BULLETIN #2

AYATOLLAH SHAPIRO CHISELS ELDERLY, WRECKS NARCOTICS-ENFORCEMENT

A judge in Massachusetts has condemned a 78-year-old man to death. Mr. Earle Spring has been told that his kidney dialysis treatments must end—the costs must be cut. He shall now "Die with Dignity." Mr. Spring has said, "I don't want to die. I don't know why they should do this to people my age."

This court order has been temporarily stayed, but a final hearing could re-impose it. Is Nazi-like euthanasia, outlawed at Nuremberg, soon to be legal in the U.S.A.?

It is no coincidence that this is happening in Ayatollah Ted Kennedy's Massachusetts. Kennedy's proposed National Health Bill, otherwise known as the "Right to Die" bill, is aimed at destroying all advanced medical science and denying senior citizens any useful role in society. And it would not surprise us if we soon hear about such an atrocity in Ayatollah Peter Shapiro's Essex County.

Young punk Shapiro has been known to say: "The two things I hate most are old people and kids." His record speaks for itself:

- ★ Shapiro cut spending at the County Geriatrics Center. The result, sources relate—"Such a staff shortage exists now because the little darling is so busy staffing his own office that our patients are getting minimum care where they now need the best care of their life. The Center is so short of supplies—families are bringing in tissues, toilet paper, soap, talcum powder because the Center can't afford it... This is a crime—these senior citizens made this County."
- ★ While your parents are treated like "useless eaters," Shapiro hires on more than 60 of his dope-smoking type as "unclassified employees" at \$24,000-40,000 salary—few, if any, of whom are from this County. This is in wild violation of County law.
- ★ Shapiro moves to dismantle the Sheriff's Department. Our County has the second highest crime rate in the country. Yet our radical leader is trying to destroy the ability of our law enforcement and crime prevention agency to function. He wants to lay off 105 of 373 employees in this Department. On top of this, dope-pusher Shapiro specifically attacks narcotics-enforcement by shifting control of the Bureau of Narcotics to the County Prosecutor. No longer will Civil Service regulations protect narcotics officers; now, the political will of Shapiro and his backers will regulate—and wreck—narcotics enforcement.

And his backers, as we outlined in *Public Bulletin #1*, are the Real Organized Crime Mob, "Dope, Inc." The Kennedy Machine, Sagner, Gaby, Walters, the Stern Gang, Prudential, Lansky.

As dope-traffic and drug-related crime soar, our children and our senior citizens are victimized still further. This is the morality of the Ayatollah Shapiro. As we discover the nature of his "personal, private" life, we see the same disgusting morality.

CITIZENS FOR ESSEX COUNTY is a nonpartisan coalition of city and county workers, ethnic minorities, veterans, labor unions, clergy, educators and businessmen. We are dedicated to the American Idea of Progress and the prevention of Sodom and Gomorrah. This is the second in a series of public bulletins to expose the truth.

Like-minded Coalitions have recently succeeded in removing Kennedy Machine radical Dennis Kucinich (Kookcinich) from the Mayoralty of Cleveland and in launching a powerful Recall movement against Kennedy-endorser Ayatollah Jane Byrne, Mayor of Chicago. Both Kucinich and Byrne, like Shapiro and his backers, have been connected to Organized Crime.
